Papamoa SURF LIFE SAVING CLUB

Past, Present and ...

1940 Omanu Pāpāmoa
1990 Pāpāmoa SLSC (est)
2001 PSSC extensions
2011 Rena Disaster
2014 Trust for New Build (est)
2015 25th Anniversary
2019PSLSC Demolished
2020 New PSLSC building commenced

Records indicate that the main Pāpāmoa Beach has been patrolled since the 1940's with Omanu Pāpāmoa SLSC taking on this responsibility in the years prior to the formation of the current club. With the growth in population at Pāpāmoa East throughout the 1980's, a group of Omanu Pāpāmoa lifeguards (who lived at Pāpāmoa) saw the need for a dedicated lifeguard service in the area. Pāpāmoa Surf Life Saving Club was formed in 1990 (in conjunction with Surf Life Saving Bay of Plenty). Junior Surf and Lifeguard development programmes were implemented.

A base was established for the lifeguards in the form of a building run by the Pāpāmoa Community Rescue Base Trust. This community building provided a much needed facility for many local groups as well as Pāpāmoa Surf Life Saving Club - the Trust's other main user groups include Pāpāmoa Scouts and Pāpāmoa Guides. Due to increasing membership, and increasing expectations from the public to provide a wider and more diverse rescue-based service, major extensions to the building were completed in 2001. This increased the club gear storage area, added another lounge and provided ladies' and men's changing rooms/shower/toilet facilities.

Future...

The Past 5 years have seen a decline in our lifeguard membership and junior surf membership. This is partly due to have facilities that are not able to cope with the number of members. Retention of members is top priority and providing purpose built facilities and programs will see the growth in our membership again.

Season	11/12 (Rena)	12/13	13/14	14/15	15/16	16/17	17/18	18/19	19/20

"One Club" ... a dash board of our programs and pathways

ENGAGE, RETAIN AND DEVELOP - Our club has identified the need to provide opportunities, programmes and pathways to our membership and the wider community, to ensure we are engaging, retaining and developing quality volunteers to provide key skills and services to meet the outcome of our mission. This is key to meeting the growing demands for services to keep beaches safer along the coast of one of New Zealand's fastest growing communities.

Our Mission

To prevent drowning and injury on Pāpāmoa Beach.

Our Vision

Delivering excellence in lifeguarding, surf sports and leadership programmes through strong membership and community engagement.

JUNIOR SURF Program children (aged 5-14 yrs old plus their families)

Junior Surf is about developing tomorrow's lifeguards and opening up a whole new world to children. By encouraging children to have fun and to participate safely in the Surf Lifesaving spirit of fair play, it is an ideal way for children to develop and improve their surf lifesaving knowledge and skills for themselves, and one day possibly for others. At the same time, they will have a ton of fun and some good, clean, healthy physical exercise whilst learning to be safe on the beach. Regular participation in sport promotes growth and body awareness, assists fitness and the acquisition of skills, and provides opportunities for the development of

ROOKIES Junior Life Guarding Program (aged 12-14yrs)

Rookies provides that vital bridge between Junior Surf and Senior Life Guarding. It is an educational programme that introduces children aged 12-14 years to a higher level of life guarding skills such as first aid, CPR, communication (radio & other) and patrolling requirements. Ultimately, this grows them into our lifeguards of the future, ensuring as a club we can continue to develop and grow to meet the demands of our core business in

LIFE GUARDING (aged 15yrs +)

Life guarding is our core business! PSLSC meets best practice by providing Pāpāmoa Beach goers and appropriate off-site events with lifeguarding services that are 'fit for purpose'. PSLSC provides a platform to develop the leadership capabilities of individuals that are applied throughout the SLS movement and local community. Opportunities and pathways include: Regional Guarding, Beach Education Facilitators, Leaders for Life Progamme, Beach Management, Event Safety Management, Power craft & Aquatic modules, First Aid Modules and Examiner Instructional pathways.

SURF SPORTS Programmes (aged 9 +)

Surf sport is our vehicle to increase participation and our patrolling membership with fitter, faster lifeguards. Surf Sports inspire our members to achieve quality surf sport results as a team and as individuals. We build our internal capability in surf sports by developing quality people in key roles - supported by the pathways promoted through SLSNZ. The club prides itself on membership engagement, retention and growth by providing opportunities to upskill, compete and actively participate to the best of their ability. Programmes include: Pre-Oceans, Oceans, Surf-fit (cross fit), Introduction to surf ski, board and beach disciplines, IRB and Masters .

AGM Minutes – 2019

Minutes of the 29th Annual General Meeting of the Pāpāmoa Surf Life Saving Club Inc

Held at the Pāpāmoa Community Surf Rescue Base on Sunday, 28th July 2019

1. **Welcome**
The meeting opened at 1510 by Angela Hayden as Chairperson.

2. **Present**
All attendees completed name and contact details on the attendance register.

3. **Apologies**
Jackson Edwards, Craig Moffatt, Celeste Moffatt, Kathryn Stewart, Scott Cowdrey and Mitch Cowdrey.

4. **Previous Minutes of the Annual General Meeting held on 29 July 2018**
Matters arising: No matters arising.
Ordinary Resolution: (passed by a majority of votes properly cast) "That the Minutes of the previous Annual General Meeting held on 29th July 2018 are accepted as a true and correct record of that meeting."
Moved: Angela Hayden **Seconded:** Andrew Hitchfield **Resolved**

5. **Adoption of Financial Statements for the year ended 31 May 2019**
Presented by Hamish Smith
Ordinary Resolution: (passed by a majority of votes properly cast)
"That the Statement of Financial Performance for the year ended 31 May 2019 be received."
Moved: Hamish Smith **Seconded:** Ross Merrett **Resolved**

6. **Receipt of Annual Club Report for the year ended 31 May 2019**
Directors and Club Officer Reports presented as follows:
(a) **Surf Sports Report - Simon Hayden**
Refer to report
Moved: Angela Hayden **Seconded:** Shane Smith **Resolved**
(b) **Junior Surf Report - Robynne Cabusao**
Refer to report
Moved: Angela Hayden **Seconded:** Anita Brookbanks **Resolved**
(c) **Lifeguard & ECOS Report - Ryan Hohneck**
Refer to report
Moved: Angela Hayden **Seconded:** Hamish Smith **Resolved**
(d) **New Build Report - Jim Pearson**
Refer to report
Moved: Jim Pearson **Seconded**: Andrew Hitchfield **Resolved**
(e) **Chairperson Report - Angela Hayden**
Refer to report
Moved: Dave Cowdrey **Seconded:** Hamish Smith **Resolved**

7. **Confirmation of Life Members**
Special Resolution *(passed by two-thirds of the votes properly cast)*
"That Ailsa Cowdrey, Stephen Law, Sue Matthews and Shaun Smith be accepted as Life Members of the Club as previously recognised at the service awards ceremony held at Blue-bi-you Restaurant on 8 September 2018."
Moved: Angela Hayden **Seconded:** Matt Davoren **Resolved**

AGM Minutes – 2019 Continued

8. **Election of Board of Directors and Officers**
(a) Standing down: Jim Pearson, Robynne Cabusao and Hamish Smith. Angela Hayden acknowledged and thanked the three exiting Board members for their work as Board members.
(b) As per the Constitution, Andrew Hitchfield is the only nominee for **President.** Andrew Hitchfield is duly elected.
(c) Seven nominations were received for **Board Members**: Matthew Billett, Anita Brookbanks, Andrew Callaway, Matt Davoren, Angela Hayden, Tom McBride and Jo Miller. Angela Hayden invited each nominee to speak prior to the secret ballot.
(d) As per the Constitution, the members present were called upon to cast a secret ballot to appoint six of the seven candidates standing. Susan Bullock and Marg Cosgriff will be the scrutineers for the ballot.
- Nathan Smith asked why only active lifeguards and life members are eligible to vote. It was explained that this is what is stated in the Constitution.
- Poppy Crouch asked why members cannot vote by proxy. Simon Hayden explained that the Constitution states that you cannot vote by proxy when voting for the Board, but it does allow for proxy votes in other circumstances.
- Ross Merrett and Shane Smith commented on the history of the constitution and that it is based on the template provided by SLSNZ.

(e) The duly elected Board Members are as follows: Matthew Billett, Anita Brookbanks, Matt Davoren, Angela Hayden, Tom McBride and Jo Miller.

(f) The voting papers will be destroyed by the scrutineers. Angela thanked Susan Bullock and Marg Cosgriff.
Moved: Angela Hayden **Seconded:** Keith Miller **Resolved**

9. **General Business**
(a) Andrew Hitchfield was invited to speak about the Eastern Region Zespri Bay of Plenty and Coromandel Awards of Excellence 2019. Pāpāmoa received the following awards on the evening:
- Ryan Hohneck – Instructor of the Year
- Naomi Davoren – Female Master Sportsperson of the Year
- Natalie Peat – Female Open Sportsperson of the Year
- Caitlin Harris – Emerging Official of the Year
- Jo Miller – Official of the Year
- Ariana Moffatt – Beach Education Instructor of the Year
- Rescue of the Year
- Patrol Club of the Year

(b) Ross Merrett spoke on recent research regarding the underreporting of injuries occurring to lifeguards and members. Ross encouraged everyone to report any injury or incident that occurs. Ross emphasised that this is not being done to get people in trouble, but in order to change practices to prevent injury to others in the future.
(c) Andrew Hitchfield thanked Jim Pearson and Michelle Whitmore for their work on the Trust for the new build. Andrew emphasised that when the go button is pushed everyone's help will be needed to ensure a smooth season and running of operations.
The meeting closed at 1645

Reports … 1.1 Chairpersons Report 2019/2020

Nau Mai, Haere Mai – Tēnā Koutou e te Pāpāmoa Surf Life Saving Club Whānau.

As I look back on the 2019/2020 year I feel very blessed to have the following committed Board Members working alongside me:

Jo Miller who looks after the Surf Sport portfolio
Matt Davoran who looks after the Lifeguarding portfolio
Anita Brookbanks who looks after the Junior Surf and Health & Safety portfolios
Matthew Billett who also sits on the Pāpāmoa Community Surf Rescue Base Trust
Sarah Bedford who is our Financial Officer
Tom McBride
Hamish Smith

Because the role of the Board of Directors is so busy I recommended that both Tom and Hamish not be assigned portfolios so that they can be available to assist in other areas of the club as needed. Tom has done a fantastic job getting the club prepared for the newly released SLSNZ Child Protection Policies. The club is now able to work through a police vetting procedure to ensure the welfare of our children and young people are front and centre when team managers, coaches and other supervisors are appointed. Tom has also led disciplinary processes and worked with Anita on health and safety matters. Hamish has worked with Sarah on the club's finances and Nikki with member fees. He has also spent a lot of time working with Nikki and Jack to review our IT and made strategic recommendations on the club's health and safety, accounts, website and data management software.

In August we said farewell to our Administration & Funding Manager Celeste Moffatt and welcomed Nikki Heatley to the Administration Manager role on a part time basis. As she grew into the position she has since taken on the Funding Manager role as well and is now working full-time.

We have an enormous talent pool in the club and I was very happy to announce the appointment of Jack Bullock as our new Ocean Athletes Coach in September which was shortly followed by the appointment of Chas Clark as Head Senior Coach and Jake Cowdrey as Assistant Senior Coach. I was pleased to see these Coaches all utilised our strong pool of athletes to assist them as resources coaches through the season including Kate Miller, Ariana Moffatt, Lucy Mano, Chanelle West, Michelle Dykes, Aidan Smith, Sophie Hayden, Alex Padfield, Angus Porter and Libby Bell. I'd like to acknowledge and thank Naomi Davoran, Ailsa Cowdrey, Sandy Boubee and Marg Cosgrif for their enormous contributions to the appointment of these coaches and co-ordination and assistance with the coaching programmes.

After a busy start to the year I was thrilled to invite our local Ngā Potiki Kaumatua and Kuia to come along on our opening day to bless the beach and our lifeguards to officially kick-start the season. This was followed by the inaugural club breakfast and rolled into a mass refresher before the first official patrol got underway. It was lovely to see so many clubbies come along and my hope is that this will be supported and continued in the years to come as we work with our traditional kaitiaki to keep our large stretch of beach safe.

With the announcement by Jim Pearson in October that the new build was to progress there was a rush of activity to arrange temporary accommodations and exit the old club prior to it being demolished on 9 December 2019. There is no doubt in my mind that the exit deadline could not have been met without the incredible work of Poppy Crouch, Ross Merrett and Shaun Smith who organised the delivery of the temporary port-a-coms, tower and storage containers. They organised off-site storage, security fencing, signage, wrote and implemented new health and safety plans, organised working parties to build and move storage racks into the containers, worked with council to secure a temporary licence so the club can continue to operate, organised electricity and water to the temporary port-a-coms, managed the building of a new beach accessway and secured tens of thousands of dollars of sponsorship so that the club's finances weren't put at risk during the transition and building phases.

Now that the building is under way Ross has continued to work behind the scenes as he leads the building sub-committee to oversee the fitout and ensure we are handed a 'fit for purpose' building later this year. Poppy, Ross and Shaun will lead the transition out of our temporary digs and into the new club when it is handed over to us.

Reports … 1.1 Chairpersons Report 2019/2020 continued

Although the club has been operating from temporary port-a-coms and containers the level of our service has not been compromised. It was pleasing to receive feedback from members of the public that the location of the patrol was more visible and that they enjoyed being able to talk with the lifeguards and connect with them.

We have continued to deliver successfully on our mission 'to prevent injury and drowning on Pāpāmoa Beach'. Even though this past year has given us many challenges we can rightfully hold our heads up knowing we provide a vital service to our community and continue to drive our vision of delivering excellence in lifeguarding, surf sports and leadership programmes through strong membership and community engagement.

Some key highlights of 2019/2020 include:

- Our lifeguards provided 3,400 hours of volunteer patrol time during which 2 searches were undertaken, 10 people were assisted to safety and 3 people were rescued.
- We continued with the patrolled area in Pāpāmoa East over the Christmas period in response to the growing population and increasing need for our service.
- Four of our surf sport athletes were selected for the New Zealand Black Fins team – Scott Cowdrey, Aidan Smith, Natalie Peat and Kodi Harman.
- Patterson Kelly was invited to attend the Intermediate Lifeguard School.
- Ryan Hohneck was invited to attend the Advanced Lifeguard School – New Zealand's highest lifeguard qualification.
- Jack Bullock was invited to be part of the SLSNZ BP Leaders for Life programme and was accepted into the Sport BOP Development Coach Programme.

In spite of the financial issues currently facing New Zealand businesses and, in particular, charitable organisations, I am pleased that we have delivered a financial result with a net profit before depreciation of $2,325. We are financially healthy with $139k in the bank.

I can't write this report without mentioning the premature closing of the season due to the Covid-19 Level 4 lockdown. In a time of immense pressure on all New Zealanders and organisations ours was not immune to negative impacts of the lockdown. At the time the lockdown was announced we had 7 grant applications in with various community funders. All 7 applications were declined and the last event guarding contract was cancelled. We were fortunate to be beneficiaries of the government's wage subsidy package though which took a lot of stress off our shoulders. Sarah, Nikki and the board worked closely to revise the budget to ensure we would come through the Covid crisis as unscathed as possible and I am pleased to say our books are looking healthy going into the next financial year.

Last year I highlighted and acknowledged those clubbies successfully navigating their way through the various pathways that their association with surf lifesaving has supported. This is something I wish to do again as it is important that we celebrate our clubbies who, through their association with surf lifesaving, have been inspired to make a positive contribution to those around them:

Kate Miller – Graduated from Toi Ohomai Institute of Technology with a Bachelor of Nursing and working at Tauranga Hospital as a nurse.
Leon Castles – Currently in his second year studying nursing.
Jackson Edwards – Employed by Surf Life Saving New Zealand as the Central Region Lifesaving Manager.
Ross Merrett – Employed by Surf Life Saving New Zealand as the Health, Safety, Welfare & Risk Manager.
Nathan Smith – Employed by Surf Life Saving New Zealand as the Event Water Safety Officer.
Poppy Crouch – Employed by Surf Life Saving Eastern Region as the Club Development Officer, Coromandel.
Melanie Hayden – Graduated from Auckland University with a Post Graduate Diploma of Science majoring in Ecology (scholarship recipient through her lifeguarding and participation in surf sports).
Ben Johnston – Royal NZ Navy.
Mason Bryant – NZ Army.
Hamish Smith – Facilitator and Mentor with the SLSNZ BP Leaders for Life Programme.
Jack Bullock – Employed by us as Ocean Athletes Coach.
Jake Cowdrey – Employed by us during Summer as Assistant Senior Coach.
Mason Pickering – Head Coach for Whakatane Swim Club.

Reports … 1.1 Chairpersons Report 2019/2020 continued

These are just a few examples of some of our clubbies currently navigating pathways that their association with surf lifesaving has helped support. There are many, many more not mentioned here that begin from the start of Junior Surf and carry on throughout our lives. I think it's fair to say that we're delivering on our vision.

This year Nikki and I have worked hard to retain existing and secure new sponsorships for the club. Nikki has fully embraced the funding aspect to her role and has engaged with many of the funding organisations that we can apply to. It has been a big learning curve for both of us and I am proud of the work we have done in this area. To be frank, without out sponsors and local funding organisations we simply couldn't afford to operate. Between September and May Nikki had secured $72,000 in sponsorships, grants and donations. Now that she is fully into the swing of things I expect these numbers to increase significantly over the next couple of years.

I would like to take a moment to acknowledge the tremendous work carried out by the many 'behind-the-scenes' volunteers. In order for Junior Surf, Surf Sports and Lifeguarding to be fully functional there is a crew of volunteers doing their bit to enable those areas of the Club to operate. Here is a list of the 'behind-the-scenes' jobs currently being done by volunteers; Committee Members, Club Captains, Patrol Captains, Deputy Patrol Captains, Examiners, Instructors, First Aid Officer, Power Craft Officer, Repairs & Gear Shed Officer, Vehicles Officer, Fuel Officer, Call Out Rescue Squad Co-ordinator, Age Group Managers, Gear Logistics and Setup Crew, Competition Entries Co-ordinator, Officials, Officials Representative, Athletes Representative, Age Group Coaches, Event Safety Officers, Clothing Co-ordinator, BBQ Chefs, After Hours Call-out Squad, Fundraising Co-ordinators, the Club President and Board.

When we move into the new building we will also have a new strategic plan which is in the final stages of writing and will be consulted on in the next couple of months. As an organisation we have many exciting things to look forward to. However for the Club to continue to grow it is important that that we continue to work together. From my perspective the greatest risk to our organisation is allowing ourselves to silo off and to stop collaborating together. It has been exciting to see everyone working together during the building phase. While we continue to work hard in our individual committees it will be important for us to continue to respect the importance of each committee's role and how it fits in with the 'whole' club.

The new build will transform our Club and the way we provide our vital service to the community. It will solidify the Pāpāmoa Domain as the hub of our community. It will be both an exciting and challenging time for the service we provide but with the positive energy, enthusiasm and teamwork of our members we will continue to lead our community and deliver on our Club vison and values.

And lastly I wish to acknowledge and thank Andrew Hitchfield for his continued support of the Club in his role as President. The continuing contribution he makes with his guidance and mentorship is valued and highly appreciated.

Thank you all for your support and vital contributions. I am humbled and proud to lead and be part of such a vibrant club and community.

I will finish with a whakatauki on working and collaborating together for us to complete our mission. 'Whero' signifies chiefs or leaders and 'pango' the community or workers. It acknowledges the need for both to work together in order to complete the work…

"Mā whero, mā pango ka oti ai te mahi.
With red and black the work will be complete."

Ngā mihi nui,

Angela Hayden – Chairperson

Reports … 1.2 Lifeguarding & Emergency Call Out Squad Report

PSLSC Lifeguarding Annual Report 2019-20 Season

Patrol season

This year we marked our season opening at Labour weekend with a special blessing of the beach by Ng Potiki to keep our beach safe and to protect our lifeguards this summer to which all of our lifeguards and key stakeholders were invited. This was the first time this event was held and was followed with a shared breakfast at the Club and was a great way for us all to reunite and take a moment in appreciation for our surroundings and what we do by opening the season together this way.

We hit the beach straight after this event with an optional opportunity to do a mass refresher for those who wanted to get straight into it and ticked off early in the season. This year all our lifeguards were able to do their theory refresher online which is a great new tool from Surf Life Saving which enabled our members to tick this part of their refresher off before they even got to the beach. Surf Life Saving have since introduced the IRB Crew theory online as well as Surf Official's Level 1 and will be introducing more development award opportunities for our members to undertake on this platform in the coming months.

Alpha patrol was the first patrol to raise the flags at Pāpāmoa Beach this season and we had a few weeks of the season patrolling from the old building before the patrol flag was brought down for the final time by Echo patrol on 1st December 2019. This was a moment in history for our Club and was recognised with a full Club celebration to mark all the volunteer hours given, patrolling undertaken, relationships built and most importantly lives saved over the years by our membership, in and around the building during its history. It was sad to see the old girl go, but it was great to finally turn the page of the history books as we look towards our new building that so many members of our community have been striving to achieve on our behalf for over the last decade.

The exit from the old building brought new challenges for the lifeguards this season as we set up to patrol from a temporary tower and two portable buildings that were located at the top end of the public car park in the Pāpāmoa Domain. All our gear had to be kept at the opposite end of the reserve in containers located near the boat ramp so there were considerable logistical challenges for all patrols to get everything they needed set up and onto the beach and back into storage again at each patrol session. That said, once systems were established we all really enjoyed having our patrols centrally located as it undoubtedly gave us all the opportunity to interact with the public much more frequently. This not only gave us the chance to raise our Club profile to the community, but also enabled us to interact with the public and Domain users to talk to them about preventative actions which are such an important part of active lifeguarding these days.

We maintained our 5 patrols this season and refreshed 78 lifeguards as well as qualifying 13 new lifeguards and 3 patrol supporters. Our volunteer teams patrolled over 3400 hours this season and performed 3 rescues and assisted a further 10 people to safety. We performed 758 preventative actions which involved 6543 members of the public in total. The number of preventative actions is a key number to look at these days as Surf Life Saving has developed their lifeguarding protocols through and the key aim is for lifeguards to actively lifeguard and perform preventative actions before they turn into actual rescues.

Our season this year finished prematurely as when Delta patrol brought the patrol flag down on 22nd March little did we know that it was to be for the last time this season due to the Covid-19 pandemic. This was possibly the first time in the Clubs history that we did not patrol Pāpāmoa beach up to and including Easter weekend, however the Government mandated a national lock-down in response to the pandemic which systematically mitigated risk to the public as swimming, surfing, fishing and other uses of the ocean were banned.

Papamoa SURF LIFE SAVING CLUB

Reports … 1.2 Lifeguarding & Emergency Call Out Squad Report

Membership development

Pāpāmoa SLSLC qualified 13 new lifeguards and 3 patrol supports this season and with the premature end to the season we had around 20 people still to qualify whom we are hoping to retain during the winter so we can qualify them at the first exam next season.

Our lifeguarding capability remained strong with considerable numbers of our lifeguards achieving SLS development awards during the season. One of our lifeguards completed Advanced Lifeguard School this season which is the highest qualification a lifeguard can obtain in NZ and one of our members completed the Intermediate Lifeguard School. We also had several members complete their Patrol Captains course and these lifeguards were then mentored over the season with a view to leading our patrols in the future. Two of our lifeguards achieved the new Surf Life Saving & St John Surf First Responder qualification. Many of our lifeguards also worked for the Regional Lifeguard Service this summer and our Club is also well represented on the National Surf Life Saving staff.

Membership development statistics

Member Awards	Number qualified 2019/20
Lifeguards	13
Patrol supports	3

Board rescue module	3
SLS Facilitators	3
New Examiners, Probationary examiners & Instructors	4
Rookie & Grom lifeguards	24
Intermediate lifeguard school attendees	1
Advanced lifeguard school attendees	1

Reports ... 1.2 Lifeguarding & Emergency Call Out Squad Report

Pāpāmoa East

The Pāpāmoa East satellite patrol ran once again over the busy Christmas holiday period and was staffed by the Regional Lifeguards. The significant growth in the population in the Pāpāmoa East area is now warranting volunteer patrols in that location, as well as other locations on our long stretch of beach and this is something we are looking to increase our capability and resources for so we are able to support more than one patrol area as at 14 kilometers long Pāpāmoa SLSC has the largest patrolled beach in the country.

Rookies & Groms

The Rookie Lifeguard programme was successfully run again this year by Sandy Boubee with 12 young people completing this programme. We also introduced a new programme called Groms which is aimed at specifically retaining and developing the young people who are too young to be Rookies but who are interested in following the lifeguard pathway. This had very successful results and has resulted in us retaining these 12 people as future lifeguards.

Sponsorship

Our lifeguarding this year was lucky to have Mitre 10 Pāpāmoa as our major sponsor and we really appreciate the contribution Loretta and her team have made towards our Club. Due to this sponsorship we were able to offer our refreshed lifeguards a rebate on their lifeguarding subscriptions this year and this is something we would like to extend on in the future to reduce the costs our lifeguards face to give their time to volunteer to help our community. We were also lucky to receive a grant from North & South Trust for new rescue tubes this season and also to have been able to purchase new IRB helmets & lifejackets with money fundraised by our lifeguards by volunteering to event lifeguard at an event earlier in the season. Our Kubota ATV finally gave up the ghost before Christmas and we are currently seeking sponsorship or funding for its much needed replacement.

Emergency Call-out

Our ECOS square had 2 call outs this season which directly contributed to at least 2 lives being saved in our community. They continue to be on-call throughout the off season and can be reached by any member of the public calling 111 if they see anyone in trouble in the water.

Committee members 2019-20 season

Our team worked tirelessly this season to deliver support for lifeguarding, our memberships and our Club and the team have put in many hours of hard work. We were also extremely well supported by Matt Davoren who is our Director of Lifeguarding on the Club Board.

Poppy Crouch	Committee Chairperson
Ryan Hohneck	Head Instructor & Powercraft officer
Robynne Cabusao	Club Captain & Grom lifeguard programme
Shaun Smith	Event lifeguarding
Owen Miller	First aid officer
Kathryn Stewart	BOP Lifeguard Committee Rep

Our Gear Steward position was vacant for the season. We would welcome anyone who would like to join our Committee next season as we look forward to patrolling from our new club building and work towards increasing our capability along the length our of beach. If you are interested in joining the team, or even just lending a hand from time to time then please contact us on lifguards@Pāpāmoalifeguards.co.nz

Reports ... 1.3 Surf Sports Report

Surf sport at Pāpāmoa SLSC has had another excellent year of achievement, enjoyment and 'walking the talk' of our Club values of excellence, fun, respect, commitment and encouragement. Our Ocean athletes and senior athletes are definitely embodying our aim to develop fitter and faster lifeguards to patrol Pāpāmoa coastline and support our community in enjoying our beach.

Coaching

Our 2019-2020 season was marked by the appointment of Jack Bullock as the Oceans Coach for a year and Chas Clark and Jake Cowdrey as the Senior Coach and Assistant Senior Coach respectively for the summer season. We are indebted to the work and input of these three coaches; plus the resource coaches that supported Jack in the delivery of Oceans trainings (Aidan Smith, Chanelle West, Lucy Mano, Michelle Dykes, Ariana Moffatt, Angus Porter, Alex Padfield), Aidan for his senior beach sessions, and the team of seniors (Libby Bell, Jack Bullock, Jake Cowdrey, Owen Miller) who led sessions through the winter and early Spring.

Jack offered a successful early season Oceans training camp in Whangamata and then built on this with a progressive programme that developed athletes' skills and knowledge in an enjoyable and inclusive environment. Some fantastic results were achieved at junior carnivals throughout the season and the team was known for its positive attitude and effort (see the Ocean's report for more details).

In the senior arena, Jake brought his first-hand and indepth skills and knowledge of surf sports to his coaching instruction, while Chas's knowledge in fitness and programming proved invaluable throughout the season. Both senior coaches put a real emphasis on team culture and values which was notable at carnivals and in the way the senior athletes got behind club events like equipment working bees. We are very proud of our athletes and their contributions across the club.

Surf Sport Results

International

The following PSLSC athletes were named in high performance squads and touring teams in 2019-2020: Natalie Peat, Scott Cowdrey, Aidan Smith and Kodi Harman. Over the season, a number of Pāpāmoa athletes donned the fern as part of the open Black Fins team and achieved outstanding results:

Sanyo Cup 2019: Scott Cowdrey, Aidan Smith (withdrew)

Orange Cup & German Cup 2019: Natalie Peat

International Surf Rescue Challenge, Durban 2019: Natalie Peat, Scott Cowdrey

- 3rd Masters Female Surf Race

Naomi Davoren
- 1st Masters Female Surf Race
- 1st Masters Female Ski Race
- 2nd Masters Female Board Race

Reports ... 1.3 Surf Sports Report Ocean Athletes

The 2019-2020 season has been very successful for our Oceans/ Junior Surf Team and the squad has shown great promise in what it is capable of moving forward.

The culture within the squad is fantastic. There is a strong sense of team within the squad at the moment. Our new and less confident members are jumping into racing to support the squad and help make teams. On top of this, the squad seems to gel well and everyone seems to get on well.

Weirdly enough, the transition to the containers has had a positive impact on the squad and has helped create that team feeling. As there are no changing rooms, gear shed or showers, the team is always grouped in the same place and interacting together as one whole group instead of splitting into boys and girls. The challenges the containers have brought have also helped bring the team together and get the parents more involved, which has been great.

The commitment of the athletes and the culture the squad has built has contributed to some great results over the season. Here are a few highlights:

1)Assembled the largest Pāpāmoa team in 2 years to race at any event for BOP Champs with 45 members

2)Assembled an even larger team to represented Pāpāmoa as our largest team in 3 years to race at any event for junior Eastern Regional championship with 53 members

3)Achieved the club's highest scoring result at Junior Eastern Regional championship in 4 years with 72 points.

4)Scored more points at Oceans than last year and continued climbing back up the rankings into 8th best club in the country

5) Oceans 2020 Results (National Junior Championship)
Gold
U13 Run Swim Run: Jessica Pilbrow
U13 Surf Race: Jessica Pilbrow
U12 Surf Race: Isobella Davoren
Sliver
U13 Run Swim Run: Arianna Roberts
U12 Diamond: Georgia Davoren
Bronze
U13 Surf Swim: Arianna Roberts
U11 Beach Flags: Luke Gillbanks

There were also a number of additional Top 10 finishes from:
Max Stevenson x3, Sean Leach, Georgia Davoren x4, Isobella Davoren x2, Amelie Pearson x2, Jessica Pilbrow x2, Chloe Keer-Keer , Zac Cairns, Luke Thompson and Fergus Mchardy.

Reports … 1.5 Junior Surf Report

We always knew this year was going to be a more difficult season to run, having a very new Junior Surf Committee and a lack of club rooms out of which to properly base ourselves. But we did it- we ran a Junior Surf season with out a club room!!

I would like to thank everyone who has helped us out this year be our committee members; Sania and Brent Doidge, Olivia Haywood, Ilse Sked, and co-chair Liam Bellman and their support crew of families behind them as well. A big thank you to previous committee members, lifeguards and all our volunteer parent coaches. Without everyone co-operating and being positive the junior surf season certainly wouldn't have been the success that it was. A thank you also to our BBQ team who without question, up-sticks and moved with us to the containers.

A special mention in appreciation to our surf officials who supported our Junior Surf team travelling to events, without your support we would not be able to have our teams compete. Thank you.

A huge thank you to our sponsors Body in Motion who have supported us this season with making our coaches more highly visible on the beach and new age group flags. We look forward to continuing this relationship in the seasons ahead.

Pre-season

Jack very kindly ran a training session for our parent coaches, the majority of which had never coached before. They very much appreciated the time Jack gave us. This upcoming season we would like to see this extended to at least a couple of sessions and maybe having them split into age groups so the groups with 200M capable kids have more guidance into how to coach board craft and ocean swimming.

Ross Merrett ran a very informative missing persons at sea session that unfortunately wasn't attend as highly as it should have been. Next season we will be publicising much more and making **all** coaches, lifeguard's and parents aware that this is an essential session to attend to keep everyone safe on the beach.

The Pāpāmoa Carnival was not held this season due to the lack of a building, and the health and safety issues that raised. But we look forward to running the Carnival in 2021 and enjoying the facilities that the new building will bring with it.

On the beach

Asides from the opening weekend, we had stunning weather through the entire season. The sessions ran well with the kids pushing themselves while enjoying themselves. We had good feedback from the parents and the children alike both verbally and via a Survey Monkey questionnaire at the end of the season. There was a noticeable improvement across all age groups from all the kids in their skills and confidence over the season.

Our volunteer parent coaches all worked really hard to make the sessions a fun thing to be doing on a Sunday morning and the coaches of the U11-U13's age group need to be congratulated as being in their first year coaching - they did a great job!

Next season we look forward to re-incorporating the Groms into Junior Surf with supporting structure for parent coaches. This will keep kids in this age group engaged and inspired while having fun carrying through to Rookies. We are working through this exciting change with the board and look forward to implementing these in the coming season.

All the lifeguards that helped throughout the season and the patrols were invaluable to keep the kids safe. Next season we hope to have more parents engaged as lifeguards to strengthen our safety on the beach. This is something we are discussing with the board.

The club champs this year were a challenge and despite some last-minute hiccups, (medical events and missed communication), once it was under away it ran smoothly considering there was no building to be run from. This is in no small part to the work put in prior by parent volunteers, fellow committee members and also the advice and help from previous committee members, life guards, our surf sports members, and our hero of the day Jo Miller. Without her leadership and help, the day would not have run as well as it did. All the kids enjoyed the competition against their peers and we had mint beach conditions on the day.

Reports … 1.5 Junior Surf Report

Results

The prize giving event held at Gordon Spratt, was a great success and this is something we are keen to see as an annual event and next year in our own Club Rooms. It would be great to think that maybe this could be all encompassing for the club as a whole. It was great for our Junior Surf community to see the other pathways that Junior Surf leads into by having our Rookies program, Oceans Sports program and senior members of the club attend the prizegiving. It is great for the little kids to see that the big kids get awards as well!

It was a pleasure to have Angela and Andrew attend our prize giving along with Black Fin and previous Nipper Mitch Cowdrey attend the junior surf prize giving. Mitch's smile got bigger the more prizes he handed out!

Reports … 1.5 Junior Surf Report

Moving forward

We are looking forward to growing the Junior Surf section of the club and are fully engaged with the strategic discussions currently under way. For Junior Surf to continue to grow we need to recreate that community feel for our Pāpāmoa Surf Life Saving Club families. Keep an eye on our JS facebook webpage and Friday Flash for exciting events coming up!

As always, we need more parents to put their hands up for our committee. We have two current committee members moving forward this year. We also need parent surf officials to travel with their children to carnivals and parents to become lifeguards or refresh their lifeguard badges.

The junior surf kids look up to the senior athletes and we are keen to work alongside the other committees to create sustainable programmes that see the senior members of the club having a solid presence in the junior surf area.

Roll on 2020/2021 where we can bounce forward bigger and better!

Stephanie Mardon

Junior Surf Committee Chairperson

Reports ... 1.6 Pāpāmoa Community Surf Rescue Base Trust Re-

Pāpāmoa Community Surf Rescue Base Trust April 28th, 2020

New Build Project Report

Trustees

Chairman: Jim Pearson

Patron; Stuart Crosby

Trustees: Richard Coles
Richard Glubb
Andrew Hitchfield
Matthew Billett

During 2019 and the 2020 year to date we achieved our goal of commencing the construction phase of the new surf rescue base. This was the result of 9-10 years of effort from countless people from both the surf club, Trust and individuals and businesses within our region and community.

We have commenced construction, but our job is not over yet. We still need to raise in the order of $600k to finish our job and deliver the building we all want. The major risks of funding grants expiring and construction cost escalation meant that we needed to commence construction this year. This decision was made strategically and we now need to raise the remaining funds to complete the build.

Some of our achievements since the last Surf Club AGM include:

- Positive community and stakeholder engagement through donations and fundraising initiatives;
- TECT grant of $100k (taking their total contribution to $1M);
- Infinity Foundation grant of $85k (taking their total contribution to $160k);
- NZCT grant of $200k;
- Donations from Pāpāmoa Resort, Legacy Trust and Greg Brownless;
- Completion of “for construction” documentation;
- Amendments to the building consent and resource consents to make savings in construction;
- Value engineering and cost deferment of a number of items to lower the construction cost;
- Finalisation of contract documentation and engagement of Naylor Love for construction phase;
- Formal motion from the Trust to commence the construction phase of the project;
- Formal motion from the previous building Trustees to commence demolition of the building;
- Agreements with the TCC for temporary licence areas to carry out construction activities and continue to provide Lifeguarding, Junior Surf and Surf Sports activities;
- A continued valued relationship with Nga Potiki and a site blessing prior to the commencement of demolition;
- Demolition of the previous building in December 2019;
- Commencement of earthworks and construction activities in January 2020; and
- Auditing of annual accounts.

These achievements could not have happened without the significant efforts and commitment from the Trustees, the Surf Club and all those involved both past and present. There are far too many people to mention but as usual we collectively stepped up, played by the rules, maintained the integrity that Pāpāmoa Surf Club is known for, and delivered what we said we were going to do.

Reports … 1.6

A major achievement that should be further highlighted are the activities completed, in a very short period of time, to set up the Lifeguarding tower & portacoms and support containers for Lifeguarding, Surf Sports, and Junior Surf. This was a huge effort by a number of people at both a Club, Trust and Eastern Regions level. I also want to recognise the Companies that got behind us and helped make this happen.

This past year we had two original Trust members retire, Michelle Whitmore and Jenny McDonnell. Michelle and Jenny's commitment to our community and cause is exceptional, even more so when you consider that they are not Club members but have dedicated the last 8 years to the Trust to get us to where we are.

With Michelle and Jenny's retirement the Trust is pleased to have Andrew Hitchfield and Matthew Billett join as Trustees. Both Andrew and Matthew bring exceptional skill, drive and mana to our Trust and I would like to thank them for their commitment and efforts.

In addition, I would also like to thank Richard Glubb and Richard Coles for their ongoing drive, support and efforts to the Trust. Like Michelle and Jenny Richard and Richard have been involved with the Trust since the beginning and their commitment is even more special in that they are also not Club members but rather selfless community minded people.

Finally, I would like to thank Stuart Crosby, the Trust's patron, for his guidance, support and advice throughout our journey. As one of the persons involved in the construction of the original facility I know the demolition was tinged with sadness for the old building and memories that it brought. I know though that the new facility will provide another fine example of Stuart and his wider family's commitment to our community.

The past few years have provided many challenges for both the Trust and the Club but we have continued to revisit, revise and adapt. Without the collective efforts of so many people we would never have got there. We will continue to face challenges over the coming months to reach our goal of raising the full funding required and occupation in 2020. COVID-19 has brought about new challenges for all of us including a 5-week suspension of construction and a significant impact on future fundraising initiatives and gaming trust grant applications. Regardless of this, with the strength and commitment of our people and community, we will work through things diligently and methodically to get the job done, like we have done as a nation for COVID-19.

So as a member of both the Trust and the Club I would like to thank everyone that has contributed on our journey to date and look forward to celebrating the opening of our new facility with you all in 2020.
